1. LEGISLATIVE PRESCRIPTION

In terms of Chapter 5 Section 27 of the Municipal Systems Act No 32 of 2000, each district municipality, within a prescribed period after the start of its elected term and after following a consultative process with the local municipalities within its area, must adopt a framework for integrated development planning in the area as a whole.

2. PURPOSE OF THE FRAMEWORK PLAN

The **Framework** binds the Zululand Family of Municipalities in order to ensure that the Integrated Development Plan Review Process is carried out jointly, is consultative and therefore aligned. It involves setting a joint time schedule identifying critical milestones for approvals and adoption. **The Framework has to be prepared by the District Municipality (DM) and adopted by the Local Municipalities (LMs).** Thereafter the Framework becomes the basis for the DM and LMs to draft their Process Plans.

The Framework Plan should also give IDP Managers a tool to influence the occurrence of various council activities e.g. budget process, IDP Roadshows and Ward Consultations to take place at the most ideal time to feed into the IDP Process.

This will also improve alignment between our municipalities and sector department processes.

3. ROLE PLAYERS/STAKEHOLDERS

The following outlines the roles and responsibilities of the main role-players in the IDP process:

The IDP Manager is an official of the municipality assigned the responsibility of championing the IDP process. Amongst other, the following responsibilities have been allocated to the IDP Manager for the IDP Review Process:

- To ensure that the Process Plan is finalized and adopted by Council
- To adjust the IDP according to the proposals of the MEC
- To identify additional role-players to sit on the ZDM Representative Forum, Planning Forum and Steering Committee
- To monitor the participation of role players
- To ensure appropriate procedures are followed
- To ensure documentation is prepared properly
- To carry out the day-to-day management of the IDP process
- To respond to comments and enquiries
- To ensure alignment of the IDP with other IDP's within the Zululand District Municipality
- To co-ordinate the preparation of the Sector
- Plans/operational plans and their inclusion into the IDP documentation
- To submit the reviewed IDP to the relevant authorities

4. OTHER KEY ROLES & RESPONSIBILITIES

Role Player	Roles and Responsibilities
	Manage drafting of the IDP
Council	 Assign responsibilities to the Municipal Manager
	Adoption of IDP
	Linking the IDP process with their constituencies
Councilors	Organizing the public participation
	Recommend IDP to council for adoption
	Decide on the process plan.
Marray	Responsible for the overall management, coordination and monitoring of
Mayor	the process and drafting of the IDP Review documentation, or delegate this
	function.
	Provide technical/sector expertise.
Municipal Officials	Prepare selected Sector Plans.
·	Prepare draft progress proposals.
	Decide on planning process.
Municipal Manager	Monitor process.
	Overall Management and co-ordination.
	Information "GAP" identification.
	Oversee the alignment of the planning process internally with those of the
Management Committee	local municipality areas.
Committee	Co-ordinate, identify and prioritize plans.
	Make recommendation to the executive committee.
	Determine actions to be taken in the review process.
Planning and LED	Commission sub-committees for identified action.
Forum	Provide guidance to the IDP Planning Forum.
	Methodological guidance.
. .	Facilitation of planning workshops.
Planning	Support with guidance on Sector Plans (sources of funding and
Professional	guidelines).
	Documentation.
	Coordination roles for local municipalities.
	Ensuring horizontal alignment of the IDP's of the municipalities in the
	district council area.
The Zululand	Ensuring vertical alignment between the district and local planning.
District Municipality	Facilitation of vertical alignment of IDP's with other spheres of government
	and sector departments.
	Provide events for joint strategy workshops with local municipalities,
	provincial and national role players and other subject matter specialists.
ZDM Rep Forum	Representing stakeholder interest and contributing knowledge and ideas.
•	

Role Player	and Responsibilities	
Government	Provide data and information.	
Departments	Budget guidelines.	
	Alignment of budgets with the IDP.	
	Provide professional and technical support.	
COGTA	Monitoring of Municipal IDP	
	Provide professional support	
Consultants	Providing the required specialist services for various planning act	tivities as
	and when needed.	

5. THE INTEGRATED PROCESS (IDP, BUDGET, PERFORMANCE, SECTORAL PLANS)

Integrated process includes;

Integrated Development Plan.

- Planning and refinement (next financial year)
- Implementation ([current year] [SDBIP])

Performance Management

- Planning (next financial year)
- Monitoring and evaluation (current year)
- Reporting (current year)

Water Services Development Plan

- Planning (next financial year)
- Implementation (next financial year)

Spatial Development Framework

Budget

- Planning (next financial year)
- Implementation (current financial year)

The entire process is based on the MFMA, MSA and COGTA timeline.

Proposed timeframes

The roadshows are subject to the Disaster Management Act National lockdown regulations.

Approval Process	
Council	
Sitting	Date
Quarter 1	25 August 2022
Quarter 2	To be determined
Quarter 3	To be determined
Quarter 4	To be determined

Municipalities are urged to tie up with this timeline in order to ensure strong alignment of information content between the district and local municipality IDPs, The processes are intertwined and therefore inform one another at various stages of the timeline as indicated in the diagrams below and overleaf:

The key process in this case is the IDP, which must tie up and facilitate integration between the various processes listed above.

The phases of the IDP include:

- 1. Planning
- 2. Situational Analysis
- 3. Development Strategies
- 4. Project Identification
- 5. Integration
- 6. Adoption

Key structures will be sitting during the various phases to ensure that all stakeholders participate in the drafting of the IDP. The structures will also aid the IDP Managers to incorporate all sector strategies that may exist from other spheres of government so that municipal IDPs are responsive to national and provincial government spending spatially.

6. CONSULTATION STRUCTURES TO FACILITATE ALIGNMENT

6.1.Management Committee

The Management Committee fulfills the role of the Steering Committee at District Municipality level in facilitating the review process and providing support to the IDP Manager. It is a technical working team championed by the Municipal Manager (or their nominees), heads of departments and senior officials who support the IDP Manager and ensure a smooth planning process. In municipalities where there are relevant portfolio councilors who want to be part of the IDP Steering Committee they should be included. In these cases the appropriate protocol must be considered.

6.2. Planning and Development Committee

Chaired by the district, this committee is the key alignment structure between municipalities and other relevant stakeholders. The committee enables the district to play a co-ordinatory role in the planning and implementation processes between the district stakeholders to limit duplication, conflict and promote sharing of resources and best practices.

The terms of reference of the Planning and Development Committee are as follows:

- support the IDP Manager in preparing for the IDP review and throughout its process;
- provide terms of reference for specific planning activities
- commission research studies
- consider and comment on inputs from any sub-committees, study teams, consultants, provincial sector departments, or service providers
- make content recommendations
- process, summarise and document outputs
- prepare, facilitate and document meetings.
- consider Development Planning Shared Services matters
- consider Planning and Development Act ramifications
- configure spatial information and strategies on Geographical Information Systems

 Facilitation, co-ordination and monitoring of the implementation of the district Growth and Development Plan

6.3. District Growth and Development Forum

The Growth and Development Forum is the main institutional mechanism for consultation in the IDP process. In each municipality, the equivalent IDP Representative Forum is to be nominated by the respective EXCO and chaired by the Mayor or a member of EXCO.

While establishing a strategic direction, the forum prepares the foundation for continuous alignment and integration by means of a joint planning dialogue between all development stakeholders in the district. Further, the forum forges a link with all IDPs by setting the theme for critical issues that will be dealt with in the Review process.

The terms of reference are the following:

- represent the interests of the community
- provide an organizational mechanism for discussion, negotiation, and decision-making between the stakeholders, including municipal government
- ensure communication between all stakeholder representatives
- monitor the performance of the planning and implementation process.

The suggested composition of the Growth and Development Forum is as follows:

- Executive Councils of the District and Local Municipalities
- Top Management
- Provincial and National Sector Department Managers
- Traditional Councils
- Resource Persons
- Community Representatives

Each municipality (DM and LMs) will have to decide on the actual composition of its IDP Representative Forum and to specify how these institutional arrangements have been, or are to be, set up.

6.4.IGR Structures

In order to improve and enhance alignment and sharing of information amoungst municipalities in Zululand, Integovernmental relations, structures and methods, mechanism of communication have been revised.

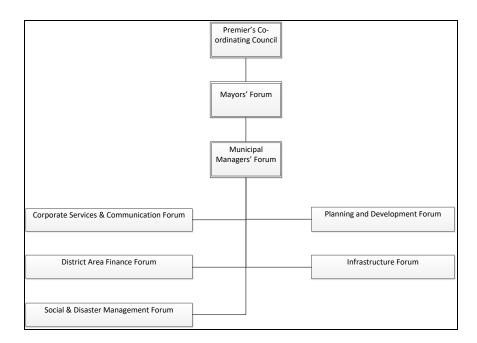

One of the key adjustments made is the allocation of a Municipal Manager to each of the Key Performance Areas where alignment is to be improved within the district. These include the Corporate Services and Communication Forum, District Area Finance Forum, Social and Disaster Management Forum, Planning and Development Forum, Infrastructure Forum.

Each Municipal Manager will report on his/her portfolio to the Municipal Managers' Technical Forum where there are standing items. It is anticipated that critical matters with a bearing on all municipalities in Zululand

will be known on time, at the same depth of information to minimize different interretations. Further, decisions taken will be to the benefit of the region as a whole which will aid co-operation in all sectors.

Zululand District Municipality or the chair of the IGR forum will provide secretariat.

A schedule of the different meetings including the Municipal Manager's Technical Forum will be communicated once it is approved.

7. ACTIVITIES TO BE ALIGNED

Table of activities to be aligned

Phases	Alignment Activity	District/Local Municipality	Local Government/ Provincial/ National
Phase 1: Analysis	Key Development Priorities	X	Х
Phase 2: Strategies	District Strategic Workshop	X	X
Phase 3: Projects	Project Planning Co-ordination	X	x
Phase 4: Integration	Integration of Sector Programmes	X	x
Phase 5: Approval	Submission of draft IDP	X	
	Comments on draft IDP	X	
	Compilation of District Summary of LM IDPs	X	

8. Focus Areas for review

It is worth mentioning that a new IDP will be developed as part of the new cycle ending June 2022. Therefore an entirely new process will be followed taking into consideration the COGTA IDP Framework.

8.1.Demographics

Census 2011 and Community survey 2016 data will be fully incorporated into the IDP document to justify existing and newly identified key issues.

8.2. Development Strategies

Based on the previous year's financial and non-financial performance, service delivery backlogs and identified key issues, the development strategies will be revised to talk to the current situation.

8.3. Sector Plans

The following sector plans are scheduled for review and incorporated into the IDP:

Item		Date of Last Review	Next Review Completion Deadline	Value
1.	Siyaphambili LED Plan	Oct 2015	June 2021	NA
2.	Spatial Development Framework Plan	Oct 2015	June 2022	R1,000.000.00
3.	Water Services Development Plan	May 2022	June 2023	R1,000.000.00
4.	Financial Plan	May 2022	June 2023	NA

8.4.Policies and bylaws

Policies and bylaws will be reviewed by end August/September 2022.

8.5. Financial Plan and Budget

The Financial Plan and budget are revised annually in terms of the MFMA. A decision will be taken whether to review the following;

- 1. Subsistence and Traveling policy
- 2. Credit control policy
- 3. Tariff policy

- 4. Investment and cash management policy
- 5. Insurance policy
- 6. Supply chain management policy
- 7. Asset management policy
- 8. Risk management policy
- 9. IT Disaster Recovery Plan
- 10. Fraud Prevention Strategies

8.6. Risk Management Plan

The municipality reviews its risk management plan every year to address matters that are a risk to the municipality so as to ensure that negative consequences are mitigated or avoided. The risk plan has been linked with the IDP strategy. The action plan is addressed during Management Committee Meetings every Monday.

8.7. Key Performance Measures

These include Key Performance Areas, Key Objectives, Objectives, Strategies, Indicators and targets. All these are reviewed annually in line with the development strategies to monitor implementation thereof.

9. COGTA MONITORING AND EVALUATION

9.1.IDP Hearing Assessments

The MEC draft IDP assessments are estimated to take place in April 2023 to assist municipalities with alignment of strategic planning and activities.

9.2.MEC Panel

It is proposed that the final IDPs are adopted by end May 2023. This will allow some time to engage Arts and Culture and other departments to assist with the translation of summaries of the Zululand IDPs into isiZulu.

10. AMENDMENT PROCEDURE

Each municipality will be responsible for monitoring its own Process Plan whilst ensuring that the District Framework is being followed as agreed.

The amendment procedure will be according to the Municipal System Act as follows:

- a. Each municipality is to inform the District Municipality (IDP Manager) on deviations of the Action Programme in its Process Plan that affect district wide activities;
- b. After each Phase the Management Committee is to assess progress and decide on whether amendments are necessary;

- The DM has the mandate to decide when and how an amendment takes place and therefore postpone an activity or continue with the agreed programme; All municipalities have to agree before the Framework is amended.
- d.

11. IDP TEMPLATE FOR 2023/2024

The COGTA template will be utilized and is attached.
