NOTICE OF THE ZULULAND DISTRICT DEVELOPMENT MODEL

Regulations framing the Institutionalization of the District Development Model in terms of section 47(1)(b) of the Intergovernmental Relations Framework Act, 2005 pose legal duty that all municipalities must every 6 months prepare a District Development Model (Plan).

Section 7(4) states that Each district and metropolitan DDM technical structure must oversee the preparation of the One Plan related to its district or metropolitan space and publish the draft One Plan for public comment for a period specified in the guidelines and circulars before submitting the completed One Plan to the relevant metropolitan, district and local municipal councils and the relevant Provincial Executive, for endorsement.

The Zululand District Development Model documents are available for perusal on www.zululand.org.za
