ZDM MAYOR'S FINANCIAL REPORT FOREWORD

The Zululand District Municipality Budget for the 2013/2014 financial year was originally estimated at R839, 855, 420 but after the mid-year assessment, it hereby proposed that the figure be adjusted to R854 969 420.00. This is a 1.8% (R15 114 000) increase from the original budget.

This budget will assist us in providing service delivery to about one million citizens of this District because we are still committed to improving the quality of life of our communities.

After adjustments our Capital Budget for the 2013/2014 has decreased by 7%, which is one percent less as compared to the original.

The decrease is attributable to the following reasons:

During 2012/2013 financial year an Airport Grant of R 20,000 000 Million was received. In terms of the Memorandum of Understanding (MOU) this was a once off Grant. In the same year carryover projects amounted to R 28,916,636 and this inflated the budget. In the current year no carryovers have been included in the tabled budget. In the current year, the ACIP (Waste Water Refurbishment Programme) amount was R1, 340,000. In the 2013/14 financial year the ACIP programme amount is R 640,000 and will be transferred to complete the programme. In 2012/2013 Massification grant was R11, 081,000 as an additional Grant for water schemes; it is not gazetted for the 2013/14.

Despite this cut, we are still going to provide necessary services that are expected from us as a District Municipality.

An adjustment has been made in the Total Operating Budget which has seen an increase of 11% from R417, 737, 782 in the 2012/2013 financial year to R464 641 018 in the 2013/2014 financial year.

The decrease on Capital Budget also does not mean that our focus as a District Municipality has been changed or is going to change. Providing

Simdlangentsha East, Hlahlindlela, Khambi, Coronation and Mkuze regional water schemes.

Although these schemes are still under construction, it is worth noting that a number of communities are already enjoying their benefits as they are already drawing water from them.

I want to assure all our communities that we are still committed in solving water related problems and as in the previous years, a large chunk/percentage of our budget in this financial year will go towards water provision programs.

In order to achieve success, we are aware that it is critical to maintain good working relationship with traditional leadership (Amakhosi and Izinduna) as most of the land in our District is under their control.

As Mayor of Zululand District I will strive to run a corrupt free municipality, and we will also continue to maintain our record 13 unqualified audit report from the Auditor-General.

I also want to commit our District Municipality that it will continue to be sensitive to all community issues with the aim of assisting or solving them.

With the budget available to us we will still continue with all our old programmes, Poverty Alleviation, Local Economic Development (LED); Community Participation, Youth and Women's day celebrations, host the Elderly and the Children's Christmas parties the ZDM 56km Ulundi/Nongoma Ultra Marathon and many more others, because our aim is to make a difference in the lives of our people.

6. Overview of the Budget Process

Political oversight of the budget process

Section 53 (1) of the MFMA stipulates that the mayor of a municipality must provide general political guidance over the budget process and the priorities that guide the preparation of the budget.

Section 21(1) of the MFMA states that the Mayor of a municipality must coordinate the processes for preparing the annual budget and for reviewing the municipality's integrated development plan and budget-related policies to ensure that the tabled budget and any revisions of the integrated development plan and budget-related policies are mutually consistent and credible.

Furthermore, this section also states that the Mayor must at least 10 months before the start of the budget year, table in municipal council, a time schedule outlining key deadlines for the preparation, tabling and approval of the annual budget.

This time schedule provides for political input from formal organizations such as portfolio Committees.

Schedule of Key Deadlines relating to budget and IDP process [MFMA s 21(1) (b)]

The IDP and Budget time schedule of the 2013/2014 budget cycle was approved by Council on during August 2011, 10 months before the start of the budget year in compliance with legislative directives.

The IDP and Budget Process Plan ensure that the role-players within the process are well prepared. All activities outlined within this document have been prepared in close inter-relation with the Framework that governs both the District and all local municipalities.

Process used to integrate the review of the IDP and preparation of the Budget

Updating the IDP and Budget is an evolving and re-iterative process over a 10 month period. The initial parallel process commenced with the consultative process of the IDP in 2012 and the update of the MTREF to determine the affordability and sustainability framework at the same time.

- **Stakeholders involved in consultations**

The draft and final budget will be provided to National Treasury and Provincial Treasury.

- **Process and media used to provide information on the Budget to the community**

There are budget and IDP meetings to be held throughout Zululand and all members of the public were urged to attend.

- **Methods employed to make the Budget document available (including websites)**

In compliance with the Municipal Finance Management Act and the Municipal Systems Act with regards to the advertising of Budget Documents (including the Tariffs, Fees and Charges for 2013/2014), advertisements will be placed in newspapers. In compliance with S22 of the MFMA, the Budget documentations are published on the municipality's website.

7 OVERVIEW OF ANNUAL BUDGET ALIGNMENT WITH IDP

Integrated Development Plan Review Process

The Integrated Development Plan (IDP) Review Process is a vehicle through which Municipalities prepare strategic development plans called Integrated Development Plans for a five-year period. Because service delivery is progressive in nature, the IDP must be reviewed annually to keep up with the evolving nature of communities.

The Zululand District Municipality will embark on its second IDP Review of the Second 5 Year cycle of IDPs which commenced from the 2011/12 - 2015/16 financial years.

Legal Status

The IDP is a legislative requirement, has a legal status and therefore supersedes all other plans that guide development at local government level.

09. OVERVIEW OF ADJUSTMENT BUDGET ASSUMPTIONS

Expenditure

Salaries and Allowances

It is assumed that salaries of employees and councillors will in terms of the National BargainCouncil negotiations of salary increases for the following three years. The following was negotiated for 2013/2014 namely:

Salary increase based on CPIX 5.5% plus 1.25% notch increase for qualifying employees.

General expenditure

It is assumed that costs for services will increase in line with the CPIX. The current oil price is a concern and it is expected that the fuel price hikes will have a substantial effect on expenditure. It is also assumed that the capital projects for 2013/2014 will be completed during the financial year as there were budgeted for the depreciation of such projects as per general recognized accounting practice (GRAP).

Repairs and Maintenance

It is assumed that municipal infrastructure and assets will be maintained and there will be an increase on its spending. No major breakages will take place during the financial year.

Finance costs

It is assumed that interest rates will be stable during the financial year, but the provision for interest is base on lease liability.

Bulk Purchases

It is assumed that electricity tariffs of Eskom will increase by 8 % as from 1 July 2013, as approved by NERSA.

Current portion of long-term receivables

It is assumed that there will be a decrease in the next financial years budget based on that there will be an increase in long-term receivables.

Inventory

The inventory level is assumed to increase in the next financial year based on the current stock level.

Trade and other payables from exchange transactions

Looking at the systems being in place and the system to be implemented, it is more likely that our payables will decrease by 10% in the 2013/2014 and the other two outer years.

Consumer Debtors

It is assumed that looking at our rate of collection and debtor's age analysis it is more likely that there will be an increase in consumer Debtors.

Bank overdraft

It is assumed that there will be no overdraft in 2013/2014 if we are looking at the current trend. The reason is that cash flow management is in place and we are using EFT to pay.

Consumer deposit

If we are looking at 6 months movement, it gives us a decrease in consumer deposit. A decrease is the net movement between new accounts and consumers who defaulted. We made the assumption that next year which is 2013/2014 the change will be more less the same and the other two outer years.
