#### 1.1 MAYOR'S REPORT

ADJUSTMENT BUDGET SPEECH BY THE HONOURABLE MAYOR OF ZULULAND DISTRICT MUNICIPALITY, COUNCILLOR MB KHUMALO DELIVERED TO THE MUNICIPAL COUNCIL FOR 2024/2025 ADJUSTMENT BUDGET IN NATAL SPAR CONFERENCE ROOM AT EDUMBE.

Honourable Speaker,
Honourable Deputy Mayor,
AmaKhosi aseNdlunkulu
Councillors,
Municipal Manager,
Directors,
Staff,
Ladies and Gentlemen

It is indeed a great honor for me, as we look on the second half of the financial year in this term of office, to present to you, the 2024/2025 and 2025/2026 2026/2027 multi-term budget. The Municipal Finance Management Act, No. 56 of 2003 continues to emphasize reforms to all of us as it aims to modernize budget and financial management practices by placing local government finances on a sustainable footing in order to maximize the capacity of municipalities to deliver services to all.

Zululand District Municipality, as a medium Capacity Municipality, is among those that complied with the Budget regulations and has been submitting multi-term budgets in an MSCOA format. Chapter 7 of the MFMA places major responsibilities on the mayor.

Honorable Speaker, the ability to comply is one thing. Delivering services as per our mandate is what brought us to this institution. We cannot afford to fail on this mandate. As this government in office, we have no liberty to point at the past, but to forge ahead. We acknowledge that we are coming from a very low base on all National key performance areas. At the core of this is the sustainability of the municipality. Key pillars to reverse this are strong leadership, financial stability, smart deliverables and compliance with laws and regulations. This budget is a step to that direction.

Water and sanitation are our main core functions. Bulk of the budget is directed to this. Sanitation is one area in which we must push on the backlog. Many of our households are either on a full flush waterborne or septic tank system. The rest of the households need to be provided with ventilated improved pit latrines (VIPs).

Honorable Speaker, we all know that besides our staff helping us, outsourced duties remain our core duties. Technical consultants form a biggest component to this. Contract management is the only tool to ensure value for money on this front.

Having said all this let me now come to the core of our business for today.

Honorable Speaker, it is important to mention that there has been an increase in expenditure.

Honorable Speaker, there has been an increase in operating grants and transfers; the expectation is the 100% expenditure and commitment for all these grants. Procurement plans are part and parcel of the adjustment budget process.

Honorable Speaker, in conclusion I would like to take this opportunity to express my sincere thanks to the Municipal Manager, Heads of Departments and staff involved, for their dedication and commitment to this adjustment budget.

Lastly, Honorable Speaker, I wish to state that this adjustment Budget Speech represents an executive summary of our Municipality's adjustment budget 2024/2025 Financial Year.

I thank you.

The Municipality is largely dependent on government grants for its operations and the small portion generated from service charges. The budget was assessed as funded which meant the municipality had to maintain that funded position status. The municipality adjustment budget is highlighted below which shows the increase in capital budget and increase on operating budget.

The adjustment budget will have a deficit of **R127 million** if considering total revenue and total expenditure but the operating deficit is **R166.6 million**, this is because the municipality adjusted only the line items that are the core functions of the municipality's service delivery. The municipality has developed a funding plan on how the municipality will eliminate deficit while maintaining the service delivery.

MBRR Table B2 - Budgeted Financial Performance (revenue and expenditure by standard classification)

Table B2 is a view of the budgeted financial performance in relation to revenue and expenditure per standard classification. The modified GFS standard classification divides the municipal services into 15 functional areas. Municipal revenue, operating expenditure and capital expenditure are then classified in terms of each of these functional and the Total Revenue on this table includes capital revenues (Transfers recognized – capital) and so does not balance to the operating revenue shown on Table B4.

MBRR Table B8 - Cash Backed Reserves/Accumulated Surplus Reconciliation
The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of
MFMA Circular 42 - Funding a Municipal Budget.

In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.

Based on the recalculated Funding position it is evident that, the 2023/2024 Adjusted budget is unfunded.

The cause of the unfunded position is that the municipality has a large volume of creditors accumulated from previous financial years. Trade and other payables are **R491 million**.

Corrective steps and remedial actions taken by the municipality:

The Municipality has prepared a Budget funding plan showing an improving funding position starting from 2024/2025 budget year, the budget funding plan has been tabled and adopted by council. Which include utilization of VAT refunds from capital grants to reduce creditors. This also includes the arrangements to be made with the suppliers so the municipality can pay at an affordable pace and defer the balance to the next financial year.

## MBRR Table B9 - Asset Management

Table B9 provides an overview of municipal capital allocations to building new assets and the renewal of existing assets, as well as spending on repairs and maintenance by asset class. National Treasury has recommended that municipalities should allocate at least 40 per cent of their capital budget to the renewal of existing assets, and allocations to repairs and maintenance should be 8 per cent of PPE.

The infrastructure is funded solely by grants such as MIG, RBIG and WISG, most portions is spent on water provision. The municipal budget for repairs and maintenance is not 8% of PPE, funding is very limited; at the moment there is nothing the municipality can do to fund the budget.

## B10 Basic service delivery measurement

More details are provided in Table B10 Basic service delivery measurement.

The social package assists households that are poor or face other circumstances that limit their ability to pay for services. To receive these free services the households are required to register in terms of the municipality's Indigent Policy.

The cost of the social package of the registered indigent households is largely financed by national government through the local government equitable share received in terms of the annual Division of Revenue Act.

The information in the B10 is provided or taken from the municipality WSDP for 2021/2022. The Zululand district municipality is operating in the area that is dominated by rural areas, most households seem to be indigent as we are in the process of updating the register, the households that are getting billed are people from small urban areas, so the number of households with access to water will increase but not correlating with the increase in service charges. The municipality still stand with the target that was outlined in approved budget.

#### **PART 2 – SUPPORTING DOCUMENTS**

#### 2.1 ADJUSTMENTS TO BUDGET ASSUMPTIONS

The adjustment to the budget assumptions is driven by performance against approved budget. There are movements and adjustments made to operating budget and capital budget. The municipality decided to approach the budget in the way that is cost saving and avoid unnecessary expenditure and prioritize service delivery programs.

## 2.2 ADJUSTMENTS TO BUDGET FUNDING

The funding of the adjustment budget is structured as following.

	FINAL BUDGET 2024/2025	MOVEMENTS	A DJUSTED BUDGET 2024/2025	BUDGET YEAR 2025/2026	BUDGET YEAR 2026/2027

The way that the budget is funded will ensure that the municipality will be sustainable on the short term.

Planned savings and efficiencies.

The following areas were identified for possible savings after the efficiency of the usage of the assets/services has been evaluated:

Telephone costs

Overtime

Non-priority projects

#### **Investments**

Short-term investments are anticipated to take place during the financial year, but no investment is projected at year-end of the budget financial year.

### 2.3 ADJUSTMENTS TO EXPENDITURE ON ALLOCATIONS AND GRANT PROGRAMMES

There have been amendments to grants allocation as per provincial gazette allocation. The expectation is that the remaining balance on all grant's allocation will be exhausted at the end of the year.

Budgeted allocations and grants
