DC26 Zululand - Supporting Table SC1 Material variance explanations - M07 January

Ref	Description R thousands	Variance	Reasons for material deviations	Remedial or corrective steps/remarks
1	**Revenue By Source**			
	Service charges	1,146	The year to date billed service charges exceed year to date budget	
	Investment income	(3,407)	Investment income as budgeted will not be achieved due to accelerated MIG project expenditure resulting in low investment level and thus low interest income The budget needs to be amended to reflect this revenue shortfall.	investment income will be adjusted accordingly in the adjustment budget,
	Transfers recognised - operational	70,414	The full portion of grants is on target to be received in full	
	Other own revenue	(88,128)	This includes the appropriation of accumulated reserves to fund the budget. The negative variance is not necessarily a bad reflection, given that the funds are already recorded in accumulated surplus	
	Transfers recognised- capital	56,067	Year to date actual exceeds year to date budget and no further adjustments are necessary.	
2	**Expenditure By Type**			
	Employee cost	3,566	The year to date actual slightly exceeds the year to date budget due to the fact that overtime is not budgeted for in the original budget but is funded through budget savings. To achieve a funded and balanced budget, respective departments will offer savings in the adjustment budget to extinguish the overtime shortfall.	control measures will be enforced on overtime
	Remuneration of Councillors	(278)	Remuneration of councillors variance is positive.	
	Depreciation and Asset impairment	(5,439)	This is on target and no budget adjustments are required.	
	Materials and bulk purchases	(11,053)	Year to date actual is less than year to date budget and no further adjustments are required.	
	Grants & Subsidies paid	(991)	Though the variance is positive, actual expenditure will be incurred in the second half of the financial year and no budget adjustment are necessary.	Actual expenditure will be incurred in the second half of the financial year
	Other Expenditure (General Expenses)	6,375	The year to date actual slightly exceeds year to date budget due to the fact that some expenses are once off and are spread evenly throughout the year. Eg. Women's day, Salga games etc.	The expenditure will be monitored accordingly
3	**Capital Expenditure**			
	Capital expenditure		Year to date actual is less than year to date budget due to the fact that project expenditure generally takes the S-curve model and will be accelerated in the second half of the year. In addition, procurement processes are lengthy especially if the amount exceeds 10 million. All in all the grants are on target to be fully spent by 30 June 2015.	Expenditure will be accelerated in the second half of the year.
